

# EOS2001 Display

## Overview

AirCare Automation's **EOS2001** is a compact, Single room/zone **2.8" Color Touchscreen** Display that visually displays critical and cleanroom environment conditions. The size of a light switch, the EOS2001 is a convenient GUI extension of a larger, master control or monitoring system for easy access to data. This 2.8" high-color, high-resolution TFT is easily wall-mounted with a external wall mount or flush mount into your wall using a standard electrical single-gang box.
